

Project title:	Port security and safety of navigation in Eastern Africa, Southern Africa and the Indian Ocean funded under the 11th EDF REF: RSO/FED/038548
Position:	Project Coordinator (KE1)
Location:	Eastern Africa – Southern Africa and Indian Ocean Region
Eligible nationalities:	All nationalities
Start of project:	March 2021
Assignment duration:	36 months
Deadline:	21/12/2020
Objective and purpose of the project:	<ul style="list-style-type: none"> - The project is focused on providing Technical Assistance (TA) with the aim to contribute to enhance the maritime security and safety in the EA-SA-IO Region in accordance with the AIM 2050 Maritime Strategy. It includes improvement of the safety navigation in the overall region with the strong focus on strengthening the capacities of maritime affairs authorities, government and port agencies, undertaking Port State Control Inspections on board as well, and ensuring the transposition and implementation of international legislation. - The project contributes to enhance the improvement of the port security legislation, the adoption of the related compliance framework and its effective enforcement by ports of the region. This component would address compliance to the International Ship and Port Facility Security Code and preparation of a Port Security Plan as well as implementation of a cargo targeting mechanism to track illicit trade, drug trafficking and smuggling of weapons. - Finally, it also aims to support the development of regional info sharing and the capacity building for Law Enforcement Agencies (LEA) and Customs Officers to track terrorist or organized crime elements travelling to the region as well as identification and seizure of suspicious cargoes and shipments
Qualifications required:	<p><u>Qualifications and skills:</u></p> <ul style="list-style-type: none"> - Must have University degree in security studies, directly related discipline, or equivalent relevant 20 years of professional experience with at least 10 years of working experience in the area of project management on maritime governance, safety and security; - Proven strong communication skills and fluent in the English language <p><u>General professional experience:</u></p> <ul style="list-style-type: none"> - Expertise in maritime security: knowledge and practice of international maritime regulations, elaboration of regional strategies for improving maritime and port security <p><u>Specific professional experience:</u></p> <ul style="list-style-type: none"> - Working experience of a total of at least 5 years as team leader/project manager/coordinator for projects of similar complexity (inter-governmental body, inter-agency, multicultural environment) and at least 1 year's duration for each project); managing or directly involved in training and capacity building activities in the field of maritime and port security, experience of at least 5 years in managing projects funded by international partners, preferably EU funded projects - Expertise in port security, port safety and port efficiency and management including international regulations such as the ISPS Code. - Experience in the usage of technical tools for detecting and analysing maritime information related to maritime crimes (IUU fishing, piracy, armed robbery at sea drug and human trafficking, oil spill pollution etc.) - Experience in project design, detailed preparation and management. - Experience and knowledge of the socio-economic and political context in the EA-SA-IO Region would be a strong asset.
